

Steps To Fix ViewLocal on Mac Computers

Step 1. From your Safari browser, go to ViewLocal.tv and sign in with your account.

Step 2. Click on **Safari** in the upper left corner and then click on **Preferences**

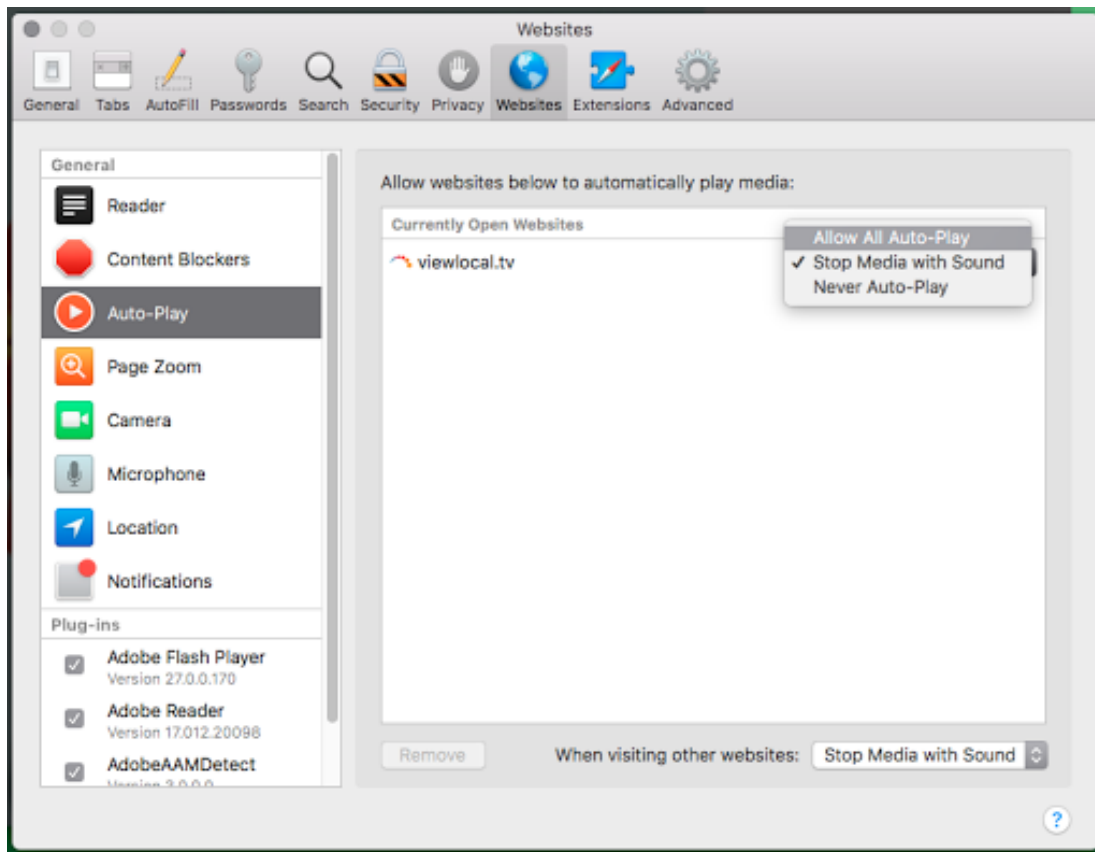

Step 3. Click on **Websites** (picture of the globe)

Step 4. Where you see ViewLocal.tv, click the drop down on the right, currently says off and change the selection to **Allow All Auto Play**

Step 6. You now can reload the page and watch ViewLocal from your Mac
